Every contribution - big or small - goes right back into the community

The Open Table is more than just a meal, it's a movement where respect and care are the foundations. We believe that every individual, regardless of who they are or where they've come from, is welcome and belongs at our table.

We believe in the power of connection. Our dedication to breaking down barriers is about growing a community where every individual feels welcome and included.

Together, we're nourishing both bodies and futures.

Thank you for giving what you can.
